

Matt Glowacki's Five Promises

1. The only thing that offends me is ignorance, and I help to solve that problem every day!

2. Physical barriers will not deter me! If you make your mind accessible, I will meet you there.

3. There are no audiences that are too small to be educated!

4. I see inexperience as the potential to learn.

5. You can ask me anything. Questions will lead us down the path to the truth.
